

ALBERTA'S FINEST

.....
BULL & HEIFER SALE

March 17, 2021 6:00pm MST AT THE AGRIPLEX IN STETTNER, AB

Welcome to the Alberta's Finest Bull & Heifer Sale. It is with great pleasure that we are working with this awesome group of consignors on this inaugural event. This will be a live sale held on Wednesday March 17th at the Agriplex in Stettler. The consignors this year have truly dug deep to offer you a fantastic set of bulls and females so please plan on joining us. I also encourage you to contact each consignor individually to discuss their offering with them.

The bulls on offer are consisting of three breeds and are the right kind. These bulls are hairy, stout, sound, good footed and most importantly have been fed to last. On offer for 2021 will be Shorthorn, Hereford and Speckle Park bulls, represented by both yearling and two year old divisions. The bulls have been fed and bred with the commercial man in mind. They have been developed to go out and breed with minimal issues and to last year after year which will give you a greater chance for return on investment. Both power bulls and calving ease bulls will be available so there truly is a bull here for every cattle producer.

The heifers on offer are taken right off the top of these breeders replacement pens. They are fancy in their type but are also broody and powerful enough to raise those big, high weighing calves at weaning time. Many of these heifers are of high enough quality to put a halter on and drag up and down the show road next fall, just make sure you have enough space in the rafters to hang all your new banners! If showing isn't your thing then simply take these heifers home and breed them to a bull of your choice to better optimize your return on investment.

Please plan on joining us in Stettler on Wednesday, March 17th for the First Annual Alberta's Finest Bull & Heifer Sale. If for any reason you are unable to make the sale the entire team here at First Class Cattle Marketing will be very familiar with the offering. It will be our pleasure to assist you in a professional and confidential manner in purchasing your next herd sire or female. DLMS will also be onsite if internet bidding is what you prefer. I hope to see you all in Stettler and wish you the best of luck in the spring bull sale season.

Regards,

Darnell Fornwald

PROSPECT HILL XUANA 3X
 PROSPECT HILL SHAUNA 13S

Let us introduce one of the most talked about the desired bulls in the shorthorn industry “Django PHF 31D”. He throws birth weight performance, carbon copy roan or white calves one after another. Many times giving pasture tours to our client’s, comments have been made to suggest we used a Xerox copier on our animals.

Through 50 years of breeding, it is hard to remember a bull that made such a consistent positive change to the herd improving the desired roan color and breed traits. Django tests negative in all defects and boasts a rare 100% asterisk free through the entire pedigree. This is a rare opportunity to get in on one of the greatest shorthorn bulls of his generation as Les & Shelley look to do a herd reduction in preparation for retirement.

Possession and 50 doses of semen for in herd use. Buyer will sign agreement that they will not sell semen for two years.

Galaxy has been my favourite since he was born! His parents both have heavy milking lines. His Dam is a smaller framed cow who has raised a good calf every year. I believe Galaxy will turn out to be just like Eagle Cort, long, deep and thick with great feet. His sire has been my best bull I have owned. His half sisters out of Cort are in production and have nice tidy udders who milk and raised a great bunch of calves. His Dam is a sister to Banner 44B who was a herdsire at Prospect Hill Shorthorns and who won banners at Farm Fair and in Holdon.

Testimonials

“We have trouble finding bulls in the U.S. that have clean pedigrees. We looked to Prospect Hill for clean purebred bloodlines and good dispositioned cattle. The Calves are easy keepers with more muscling. Peterson’s are great people to work with.”

**R&A VANEK SHORTHORNS
STOCKETT, MT**

“A few years ago we decided we wanted to put a new breed of bulls to cross our mostly Angus cows. We went looking for a bull to make calves with a little more stretch. At the same tie not to change the durability of the cow herd. We phoned Prospect Hill Shorthorns and met Les and Shelley Peterson. They Invited us down to see their bulls. That year we bought 3 Shorthorn bulls. One 2yr old and 2 yearlings. We used them on cows from 3yr to 12yr. We liked the calves. Two years later we bought four mor bulls, that whould tell you how we like the bulls!”

BALDWINS

“A few years ago, we started working towards a Speckle Park herd. We started out by purchasing purebred Speckle Park Bulls. So far, we have been very impressed with the breed, our calves are the quietest and biggest we have ever had. We have purchased PB Speckle Park bulls from Little Sandy Acres on a few occasions now. Every time we have been extremely pleased with both the quality of animals and the quality of service. The bulls have always been exactly what was advertised with zero surprises. Little Sandy Acres are trustworthy and honest about their animals. We have gotten the chance to visit their farm and have been pleased with the operation and quality of care for their animals. All the animals look healthy, beautiful, good feet and have a gentle disposition. We have been very impressed with our bulls from them. They have all been very quiet and easy to work with. The bulls are big beautiful animals that have thrown easy birth weight calves that have grown quickly. Our cows and heifers have all calved with ease and with very little assistance. We have been very happy with our bulls. We look forward to continuing to work with Little Sandy Acres in the future.”

116H is Elizabeth's first Heifer from her First Choice Female Sale (K-Cow Rodayo 75F) purchase. This is one impressive heifer. She has great pulled genetics. Her granddaddy is Square-D Hugo ET 460C on her sire's side and on her dam's side is K-Cow Colonel 27C. She is square, smooth boned and has great hair. She has a deep coloured coat and over all would make a great show heifer.

Serving Western Canada with quality Weaver Livestock Show Supplies

TERMS AND CONDITIONS

The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. First Class Cattle Marketing reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, First Class Cattle Marketing reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, First Class Cattle Marketing and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

BID Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK Each animal becomes the risk of the purchaser as soon as sold.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY The proper Registration of Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

SHIPPING Assistance will be given in making shipment after the sale, but Sale Management or Seller assumes no risk. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instruction when making settlement.

GUARANTEE All animals will carry standard breeding guarantee as specified by the applicable Canadian breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

HEALTH It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. First Class Cattle Marketing assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sale Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

FIRST CLASS CATTLE MARKETING LTD IS AGENT

ONLY It is clearly understood that First Class Cattle Marketing acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. First Class Cattle Marketing does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller. First Class Cattle Marketing Ltd has no ownership of the facility and assumes no responsibility for the operation of said facility.
