

Genetics plus

all breeds online semen and embryo sale

Timed Online
Opens: February 19, 2022 9AM
Racehorse close-out: February 20 6PM MST
www.farmgatetimedauctions.ca

welcome

Welcome to the 3rd Edition of the Genetics Plus Online Semen and Embryo Sale. Again this year will be a little different format from last. New for 2022 the sale will take place entirely on the DLMS Farmgate Timed Auction platform. The sale will open up on February 19th at 9am MST and will close out on February 20th at 6pm MST. Phone and proxy bidding is still available. Please contact Mark Shologan at DLMS or any one of the First Class Team for more info.

The offering this year is extremely exciting!!

For 2022 we have gone more away from the “tank clean out” approach to selling frozen genetics and have focused more on new and exciting genetics to offer. You will see that although the offering is much smaller than previous years, it is much more saleable. We want to sell you genetics that have a very high chance of return on investment and genetic progression in your herd. We feel that this is the strongest Genetic Plus offering yet so please study the catalogue in great detail and bid and buy with confidence.

Please plan on logging onto DLMS Farmgate Timed Auctions on both February 19 and 20th for the 3rd Edition of the Genetics Plus Online Semen and Embryo Sale. Please give anyone of the First Class Team or Mark Shologan from DLMS a call, it will be our pleasure to assist you in whatever you may need for this upcoming sale.

Wishing everyone a very successful spring sale season,

Darnell Fornwald

LOT 2

BOSS LAKE THE KRAKEN 119J

Black Angus Semen // reg# 2233511 // consigned by First Class Cattle Marketing & Boss Lake Genetics

bull pedigree

COLEMAN CHARLO 0256
sire **S A V PRESIDENT 6847**
S A V BLACKCAP MAY 4136

HF TIGER 5T
dam **HF ECHO 206Y**
HF ECHO 187N

The Kraken is one of the very exciting up and coming young herd sires in the Black Angus breed. He had a very successful show career and was a many time division champion at shows all across the country. He is incredibly stout and big middled but still exhibits that smooth, long front end with a very pleasing head. He can get out and move flawlessly and stands atop a perfectly made foot. His dam needs no introduction in the Black Angus breed as she is the dam of the great Boss Lake Bonafide 722E who is doing great things in the Lewis Farms, Miller Wilson Angus and Boss Lake Genetics herds respectively. Being sired by the great S A V President he is as royally bred as they come. This will be the only chance to buy Boss Lake The Kraken in these small packages for the 2022 breeding season as no semen is being sold except for a handful of large exclusive semen packs.

SEMIAHMOO GRINGO 9L
dam **SEMIAHMOO REGAL 8R**
BLUE RIDGE MAYFLOWER 117L

Selling Right To Flush IVF

Regal has been an incredible producer who has been a significant part of the Millbrook program through the years. She earned her way into the donor pen with outstanding daughters and sons. The 2019 Reserve Champion bull at the Toronto Royal was Millbrook Red Rock 29G. Recently, her granddaughter was one of the high sellers in the Northern Exposure Sale, to Hatfield Shorthorns. Regal has flushed very well in her donor career, since we have owned her she is averaging 10 embryos per IVF flush. She has had a great career and we think it is only fitting to offer her last ever IVF flush for sale before she lives out the rest of her days as a spoiled old cow, the old girl deserves it. We guarantee this cow will never be flushed again!

Guaranteeing 6 freezable embryos with no cap, buyer pays all flushing and semen costs. Flush to take place in Quebec.

MARELLAN MITZI 8087L

DIAMOND URBAN LEGEND 28U
dam **DIAMOND ZEALOUS BARONESS 5Z**
DIAMOND RAVISHING BARONESS 35R

Diamond Hendrix 2H was the \$38,000 high seller at the 2021 Best Of The West Sale. Hendrix is by the outstanding Royalla Rockstar K274 who is having a tremendous impact internationally. He is out of Diamond Zealous Baroness 5Z, who has been a great producer, proving to have longevity as she is 9 years old and still producing. Hendrix has exceptional movement, loads of style, and is phenotypically hard to beat! On top of that he has a wonderful temperament and is amazing to work with. Diamond Hendrix 2H is tested free of all defects, with genomically enhanced EPD's and CUP lab scan data. If there is a box to tick Diamond Hendrix 2H has done it! Hendrix takes as much guesswork out of the breeding decisions as is possible. Initial reports of the Hendrix calves have proven him to be heifer approved, but will have an excellent product at weaning time as well.

 WHEATLAND LADY 5213C

STF UNANIMOUS UP26
 dam **WHEATLAND LADY 123Y**
 WHEATLAND LADY 637S

Simply put, Wheatland Next Century is the most complete Simmental breeding piece that we have seen in years, maybe ever. The bull himself is flawless in his phenotype. He is powerful, blood red, flawless on the move, extremely stout, extremely long bodied, and walks at top of a perfect foot. Definitely a bull that impresses even the most critical of cattle producers. Next Century is an individual that is incredibly difficult to fault but what makes him truly great is the cow families that behind him on both sides of his pedigree. When Riley toured us it was absolutely astounding how many great cows were directly related to Next Century with his mother and paternal grand mother being 2 of the very best cows we have seen in the Simmental breed. Initial reports on Next Century calves are very promising. The Next Century calves come easy with low birth but then exhibit lots of grow and vigour. He is also throwing that dark cherry red colour. Homo Polled.

This will be the last semen to sell for the 2022 breeding season, Next Century is not on the open market.

Connected was one of the most talked about bulls in 2020 when we purchased him from Crossroad Farms with Swan Lake Farms and Cornerstone Cattle Co for \$100,000. Connected is one of the stoutest, biggest middled, black blaze faced bulls we have seen in years but still shows an incredible amount of structural soundness and walks at top of a perfect foot. Reports on Connected say that the calves come easy and have a ton of vigour and grow to them. Many producers that used Connected are telling us that they are the stoutest calves they have ever raised, have a ton of look and overall performance and are simply the very best calves in their pastures. Bull tours this spring are only confirming the initial reports as the Connected sons are the very best in many bull pens.

This will be the last semen to sell in 2022 breeding season, Connected is not on the open market.

ZSL MISS SUMMIT 33F
 ZSL MISS MANDAKO 40D

Last spring we searched long and hard looking for that perfect red blaze face Simmental bull. When we laid eyes on Tillman we new the search was over. He is excellent footed, long bodied, stout and can get out and move. He exhibits many qualities of a calving ease herd sire but still packs a serious punch in the performance category. His mother is a very productive young cow with an excellent udder and is sired by the supreme champion Red Summit. Tillman is royally bred and has the phenotype and red blaze face to make him the perfect genetic package. Initial reports of the Tillman calves are excellent, low birth easy calving with lots of hair and growth. Homo Polled
 This will be the last semen to sell for the 2022 breeding season as Tillman is not on the open market.

Simmental Semen // reg# PG1337259 // consigned by Lewis Farms, Sandy Hill Simmentals & First Class Cattle Marketing

bull pedigree

HOOKS SHEAR FORCE 38K
sire **WHL RED HEAT 1734E**
CMS SODA POP 422B

R PLUS VENOM 4006B
dam **CIRCLE G DREAM GAL 838F**
SKORS DREAM GAL 223B

Heat Wave is one of those calving ease sires that is so much more than a calving ease sire. He is without a doubt, the very best footed Simmental bull that we have ever seen. We don't throw the term perfect footed around very often but that is exactly what he is. He has a very pleasing young mother with an excellent udder and foot. He is still very adequate muscled for a calving ease bull and has a tremendous amount of middle and hair. Initial reports on calves are that they come easy, have lots of energy and get up and go to them. They are dark red in colour and have great coats of hair.
This will be the last semen to sell for the 2022 breeding season as Heat Wave is not on the open market. Homo Polled

WHEATLAND CIRCUIT BREAKER
dam **WHEATLAND LADY 6554D**
WHEATLAND LADY 4242B

Wheatland Frontrunner is without a doubt the most consistent, most predictable calving ease herd sire on the market at this time. The calves come easy, they get up and suck quickly and have a ton of hair and grow. His EPD's continue to get better year after year and his sons and daughters are proving themselves to be high sellers and many different sales across the country. The numbers clearly speak for themselves so use this excellent herd sire with confidence and watch the return on investment roll in. Homo Polled EPDS... KOP CROSBY 137W
dam **SPRINGCREEK BROOKE 68Z**
SPRINGCREEK BROOKE 11W

Launch proved himself as an elite breeding piece at the recent Meadow Acres Simmentals Complete Herd Dispersal. The Launch daughters were the envy of the cattle business when they came through the sale ring commanding record setting prices. They were almost all excellent uddered, excellent footed, big volume cows. And the Launch daughters and sons have proven they can breed on true with the Launch grand progeny being some of the very best calves in the dispersal. After walking through the pens and studying the catalogue we knew that we had to own a piece of this breed legend. Homo Polled

This will be the last semen to sell for the 2022 breeding season as Launch is not on the open market.

dam SVS CAPTAIN MORGAN 11Z
JACKSON ROSE 23D
SPRINGCREEK LINNE 33R

Endgame is one of the bulls that will work in every program and will click on almost every cow you use him on. His dam is one of the truly great matrons in the Simmental breed and his Sire Missile has proven himself time and time again. His full sister recently commanded an impressive \$42,000 at the 2021 Agribition sale and his son HFL Mindgame is one of the really great bulls that will sell in 2022. With all of this tied together we can say we are very proud to own this great herd sire and he definitely has a place in the Simmental breed. Homo Polled, Hetero Black
This will be the last semen to sell for the 2022 breeding season as Endgame is not on the open market.

KINDRED SPIRIT TRUSTY

Helios is without a doubt the very best Homo Polled Full Fleckvieh bull that we have ever seen. When you raise a Homo Polled bull and he is the highest performing bull in the pen, you know you have something special. He is excellent footed, big middled, long bodied, incredibly stout and full of natural muscle. When he gets out and moves he hits his stride perfectly. Helios is the kind of bull that needs to be used on every fullblood cow in the industry. He will knock the horns off and will still as muscle, structure and phenotype. His mother is an absolute treasure with a great udder and excellent feet. Homo Polled, Full Fleck

ALL LOTS SELL ON www.farmgatetimeductions.ca

SALE OPENS Saturday, February 19, 2022 at 9:00AM MST
RACEHORSE CLOSE-OUT begins Sunday, February 20, 2022 at 6:00PM MST

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit www.farmgatetimeductions.ca, click the **LOGIN/REGISTRATION** button. First time users will select the **REGISTER** button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.
2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.
3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.
4. At closing time of the sale the entire sale will extend bidding for 5 minute if a bid is placed on any lot in the sale. Any bid received after 6 PM will extend the sale by 5 minutes from the time of that bid. When no bidding occurs for 5 min the computer will declare the sale finished.
5. First Class Cattle Marketing will invoice all buyers following the sale, please contact us if you have any questions or to arrange delivery, pick up or shipping of your purchases.

If you require assistance with using the new DLMS Farm Gate web site, if you don't understand how to create a favorites list, if you can't figure out the proxy bid or you just plain want to bid via phone, please talk to any of the DLMS team or First Class staff.

WHAT IS RACEHORSE STYLE SALE CLOSE? Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

HOW WILL EXTENDED BIDDING WORK? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.
